Contract workers

It is Trimdon Parish Council's policy that when contractors are used, they will represent the company in the same way as direct labour and are required to work to the Council's policy.

The Clerk is responsible for the appointment of competent contractors. Competence is assessed by checking relevant insurance policy cover, qualification and experience, contractor references and establishing safe methods of work before work commences. Records of competency checks are retained as per record keeping policies.

Arrangements are made to ensure that they are acquainted with, and adhere to, the Council's safety policy, and any other procedure or special instructions which may be in force relevant to specific operations. In particular, work is monitored periodically for safety and quality. Where appropriate a formal record of checks carried out is retained.

A copy of the safety policy and other relevant information is given to the sub-contractor upon acceptance of terms and conditions of the contract agreement.

Adequate supervision will be necessary to complement the provision of information, instruction and training if required ensuring that the council's policy is strictly adhered to.

The Council's approved accident reporting form shall be used for the reporting of all accidents whether to property, employee or general public there to be no exceptions.

Further to the above it is a requirement to report all accidents, however minor. Serious accidents or major incidents should be reported immediately to the Parish Clerk by telephone.
